Sub: EDUCATION- Secondary - Opening of a High School at Beltangady - Sanction requested
Ref: Dt.Board Special Officer's resolution No.125 dated 4-3-1954

In enclosing a copy of the District Board resoluti No.125 dated 4-3-1954, I have to state that the public of Beltangady and its immediate surrounding villages and the publ servants working at Beltangady have been agitating for the pas 3 years for opening a High School by this District Board at Beltangady.

2. Beltangady is the headquarters of an important Sub-taluk of this district and is in the Malnad region of the district. There are several Government offices functioning there. There are two Higher Elementary schools - one run by the District Board and the other by an Aided agency with a strength of about 200 in the Higher Standards. Within a radius of 4 miles there are nine Elementary schools with a total strength of nearly 1000 pupils.

3. The nearest High School is at Ujre run by a private agency about 4 miles from Beltangady on a branch road. Pupils who pass out the VIII Standard, from the Higher Ele. schools in Beltangady cannot afford to attend the High School at Ujre as there are no convenient bus services connecting Beltangady and Ujre. Children of Government Officers and servants working at Beltangady seeking admission to Form IV and Higher Forms are therefore very much handicapped to send their children to the High School at Ujre. It is therefore a case for relaxing the 5 miles rule from one High School to the other.

4. An influential Committee consisting of 15 persons of standing has given an undertaking to fulfil the following conditions for opening a High School at Beltangady:---

(1) To provide and gift suitable buildings as per the plan approved by the Educational authorities to accommodate all the Forms of a High School with the sanitary conveniences

(2) To supply all the articles of furniture required for Forms I to VI free of all cost

(3) To supply all the articles of equipment, Science articles, reference and library books required for the High School and

(4) To deposit a sum of Rs.5,000/- to meet the net cost of maintaining the High School for the first 3 years.

4. The District Board has agreed to open a High School subject to the Committee fulfilling the conditions in the event of the Government sanctioning a High School. As stated in the resolution, the Board will not be committed to any expenditure on this account.

5. The sanction of Government for opening the High School is sought agreeably to para 14 of G.O.Ms. No.340, L.A., dated 20-2-1953.

6. On receipt of the sanction from the Government formal applications will be made.

7. In view of growing importance of Beltangady which is in the Malnad area and in the interests of a large number of children passing out of the Higher Elementary schools and those of the children of public servants working in Beltangady, I request that Governmen may be pleased to accord their sanction to open a High school with Forms I to IV with effect from 1-6-1954.

M Sundara

For Special Officer,
District Board, South Kanara.

18/3/54

Extract from the proceedings of the meeting of the Special Officer, District Board, South Kanara dated 4-3-1954.

---

125. Read mass petition dated 24-12-53 of the public of Beltangady representing the need for the opening of a High School at Beltangady as it is a long felt necessity and agreeing to provide buildings, furniture, equipments etc., and to abide by other conditions laid down by the Special Officer.

Also Dt.Board resolution No.5 dated 20-6-1953 deferring the question of opening a High School at Beltangady after a careful consideration of the report of the Committee constituted for the purpose in District Board resolution No.91 dated 23-3-1953.

Also letter dated 5-2-1954 of the Correspondent, K.V.High School, Ujre.

Also office note in the matter.

RESOLUTION: " THE HIGH SCHOOL MAY BE OPENED SUBJECT TO THE PRIOR APPROVAL OF THE GOVERNMENT AND FULFILMENT OF CONDITIONS SPECIFIED. THE BOARD WILL NOT BE COMMITTED TO ANY EXPENDITURE ON THIS ACCOUNT IN VIEW OF ITS PRESENT FINANCIAL POSTION "

Subject: SECONDARY EDUCATION - High School at Tricarpur - Proposal to open - Submitted

Ref: (1) Memorandum dated 30-8-1953 submitted to the Hon'ble Minister for Agriculture by the Tricarpur Congress Committee.
(2) Collector's proceedings No.B7-19141-53 dated 30-12-53.
(3) Special Officer's resolution No. 131 dated 4-3-1954.
4) Letter dated 14-2-54 from the Secretary, Congress Committee, Tricarpur, S.Kanara.

....

In the Memorandum dated 30-8-1953 presented to the Hon'ble Minister for Agriculture by the Tricarpur Congress Committee, on the occasion of his visit to Trikarpur, a request was made to convert the existing Tricarpur Board Higher Elementa School into a High School. On account of the unsatisfactory financial position of the District Board, the proposal could not be taken up without a definite gesture from the local public to place at the disposal of the District Board, the required buildings and equipment and funds to run a High School without any additional expenditure to the District Board for atleast for the first three years i.e., until the school becomes a full fledged High School.

2. The public of Tricarpur having now come forward to put up the buildings, provide playgrounds and gift all the required articles of furniture equipment and Science articles and deposit sufficient funds to meet the recurring cost of the school for the first three years, the Board has resolved to open a High School at Tricarpur subject to the prior approval of the Government and the fulfilment of the following conditions

(i) that a suitable and adequate building to house a High school (Forms I to VI) the plan and design of which is approved by the educational authorities is put up and gifted to the District Board immediately; that sanitary conveniences (urinals and latrines) and sufficient playgrounds are provided

(ii) that necessary articles of furniture and equipment are supplied free

(iii) that Science articles, apparatus, maps and charts and library books are made available

(iv) that a deposit of Rs.10,000/-(not refundable) is made with the Dt.Board for the fulfilment of the conditions and meeting the net cost of running the High School for the first three years.

(P.T.O.)

3. Tricarpur has a claim for a High School. This village has an area of 12.05 sq.miles with a population of 14,363. All round Tricarpur there are about 13 hamlets which go without any facilities for High School education. It lies on the southern-most part of the South Kanara boundry limits. Within a radius of 4 to 5 miles there are 10 Higher Elementary Schools having the following strength in Standard VIII:---

(1) Tricarpur Board Higher Elementary School	..			31
(2) St.Paul's Higher Elementary School, Tricarpur				16
(3) Central Higher Elementary School, Udenoor	..			24
(4) Higher Elementary School, Padne	..			12
(5) Welfare Higher Elementary School, Chervathur				23
(6) Fisheries Higher Elementary school, Kadamkal				16
(7) Puthilot	do	do	..	19
(8) Karivellur	do	do	about two miles from	41
(9) Vellur	do	do	South ..	21
(10) Annur	do	do	Kanara frontier ..	34
			TOTAL	237

Most of the pupils passing the VIII Standard from these schools go without any High School education. The nearest High School is at Nileshwar which is at a distance of 11 miles from Tricarpur and which is run by the Raja of Nileshwar. The other High School is at Hosdrug which is 18 miles from Tricarpur. This is also an aided School.

As the public of Tricarpur have come forward with an offer of putting up the required buildings, provide all the equipment such as furniture, Science articles and teaching appliances and have undertaken to deposit with the Board, a sum of Rs.10,000/- the District Board will not be committed to any additional expenditure on account of opening this High School.

In the circumstances, I request that the Government may be pleased to sanction the opening of a High School Tricarpur with Form I to IV with effect from 1-6-1954.

A copy of District Board resolution No.131 dated 4-3-1954 is enclosed.

For Special Officer,
District Board, South Kanara.

hys/22-3

Extract from the proceedings of the Special Officer, District Board, South Kanara dated 4-3-1954.

---

131. Read Collector's letter Ref.B7-19141-53 dated 30-12-1953 forwarding a copy of para 2 of the Memorandum of the Congress Committee, Tricarpur, presented to the Minister for Agriculture for the opening of a High School at Tricarpur.

Also this office Roc.No.A3-1156-54 dated 3-2-1954 informing the Secretary to state whether in the event of the District Board deciding to open a High School, the following conditions will be fulfilled.

(i) that a suitable and adequate building to house the High School (Forms I to VI) the plan and design of which is approved by the Educational Department is put up and gifted to the District Board unconditionally; that sanitary conveniences, urinals, latrine and sufficient area of playground is provid

(ii) that necessary articles of furniture and equipme are supplied free

(iii) that Science articles, apparatus, maps, charts and library books are made available

(iv) that a deposit of Rs.10,000/- is made with the District Board for the fulfilment of conditions and for meeting the net cost of running the High School for the first three years (not refundable).

Also reply dated 14-2-1954 of the Secretary, Congress Committee, Tricarpur agreeing to abide by all the above conditions but requesting that the deposit amount if possible be reduced to Rs.3,000/.

RESOLUTION: THE HIGH SCHOOL MAY BE OPENED SUBJECT TO THE PRIOR APPROVAL OF GOVERNMENT AND FULFILMENT OF THE CONDITIONS SPECIFIED. THE DEPOSIT AMOUNT OF Rs.10,000/- CANNOT BE REDUCED. THE BOARD WILL NOT BE COMMITTED TO ANY EXPENDITURE ON THIS ACCOUNT IN VIEW OF ITS PRESENT FINANCIAL POSITION "

Roc.A3-21420-53.

South Kanara District Board Office
Mangalore, dated 31-3-1954.

From

Sri A.Mahalingam Chettiar, I.A.S.,
Special Officer, Dt.Board, South Kanara.

To

The Secretary to Government,
Health, Education & L.A.Department,
(Education)
Madras.

Sir,

Subject: EDUCATION- secondary- opening of a High school at Paivalike- sanction requested

Ref: (1) Petition d/ 16-9-53 from the villagers of Paivalike and neighbouring villages.
(2) Special Officer's resolution No.124 dated 4-3-54.
(3) Remarks of the Dt.Educational Officer, S.A. L.Dis.13344-B1-53 dated 11-3-54.

I enclose a copy of District Board Special Officer's resolution No.124 dated 4-3-54, resolving to open a High School at Paivalike subject to certain conditions. Paivalike which is in Kasaragod Taluk is one of the important rural centres in the Block Development Area having a population of 4977. Within a radius of about 10 miles there are no High Schools for pupils who pass out of the Higher Elementary school at Paivalike and 5 other Higher Elementary schools which are at a distance of less than 5 miles.

The public of the place have formed a "High School Committee" and have come forward to provide buildings, equipment and sufficient cash deposit to enable the District Board to run a High School. The Committee has agreed to fulfil the following conditions imposed by the District Board in the resolution quoted above:---

1) To construct a suitable building as per the plan and design approved by the educational authorities and gift it to the District Board unconditionally

2) To provide free of cost, furniture, Science apparatus, library books, maps, charts and other equipment sufficient to meet the teaching needs of the High School Forms

3) To deposit a sum of Rs.10,000/- with the Dt.Board to meet the net cost of maintaining the High School forms for three years and

4) to provide necessary sanitary conveniences and playgrounds.

The District Board has accordingly decided to open a High School at Paivalike subject to the fulfilment of the abov conditions by the Committee and the approval of Government. There will not be anyextra financial commitment to the District Board on account of the opening of the High School for the next few years as the Committee will deposit the necessary amount to meet the net cost. In the opinion of the District Educational Officer (copy enclosed) a High School at Paivalike is a long-felt need of the village ad the surrounding villages.

/pt.o/

124. Read petition dated 16-9-1953 from the villagers of Paivalike and neighbouring villages representing to the Special Officer the need for a High School at Paivalike for the reasons stated in the petition and requesting that the District Board may be pleased to sanction a High School at PAIVALIKE from June 1954.

Also this office Roc.No.A3-21420-53 dated 26-10-53 laying down the following conditions to be fulfilled for the opening of a High School that the local public come forward

(i) to construct suitable buildings as per the plan and estimate approved by the Director of Public Instruction and gift them to the Board unconditionally

(ii) to provide full cost of furniture, science apparatus, library books, maps sufficient for the High School Forms

(iii) A sum of Rs.10,000/- is deposited to meet the net cost of maintaining the High School for three years. This deposit is not refundable.

Also letter dated 13-11-1953 of the President of the High School Committee, Paivalike agreeing to fulfil the conditions laid down.

Also office note in the matter.

RESOLUTION: " THE HIGH SCHOOL MAY BE OPENED SUBJECT TO THE PRIOR APPROVAL OF THE GOVERNMENT AND FULFILMENT OF CONDITIONS SPECIFIED. THE BOARD WILL NOT BE COMMITTED TO ANY EXPENDITURE ON THIS ACCOUNT IN VIEW OF ITS PRESENT FINANCIAL POSITION "

31/3/54

Copy of letter L.Dis.13344-B1-54 dated 11th March 1954 addressed to the Special Officer, Dt.Board, South Kanara.

Sir,

Sub: EDUCATION - Secondary - opening of a High School in Paivalike Centre - remarks furnished

Ref: Your letter Doc.No.A3-21420-53 dated 30-11-5

There is need for a High School at Paivalike. There are 13 Elementary schools including 6 Higher Elementar schools within a radius of 5 miles. The nearest High School is the S.A.T.High School, Manjeshwar at a distance of 10 miles. There is a proposal for the opening of a High school at Kodlamogaru by private agency. Though the direct distance from Paivalike to Kodlamogaru is 8 miles the actual distance by road is 15 miles. A High School at Paivalike is undoubtedly a long-felt need. If the District Board can provide funds to open a High School at Paivalike with the help of the villagers, necessar proposals may be forwarded after obtaining necessary sanction from the Government.

The Higher Elementary Standards in the Board Higher Elementary School, Paivalike need not be closed down as they will be catering to the poor section of the people.

Dated 22--4-- 1954.

Ref.....

To
The Honourable Minister for Education,
Government of Madras,
Fort St. George, M a d r a s.9

Respected Sir,

The need for a High School at Trikarpur has been very keen for a very long time. All our representations in that matter was of no avail. It was not possible to convince Honourable Minister of our need, since there was no occasion for any one of them to visit our Village. It was at that time that the Honourable Sri Naganna Gowda happened to visit our Village last year. The Congress Committee then presented him with a Memorandum. Among other things they had also made mention of the need of a High School. By Grace of God the Honourable Minister was personally satisfied with our demand and forwarded our request to the South Kanara District Board and the Collector for favourable consideration.

The District Board was not readily prepared to sanction a High School. They asked the Congress Committee whether they would furnish a new building to accommodate the classes and laboratory with furnitures, with playground and also a Cash deposit of Rs.10,000/-. The Congress Committee than called a meeting of the Villagers and elected an influential committee for the purpose. The Committee accepted the conditions of the District Board. Then the Board resolved to open the High School and requested Government for the necessary sanction. This was communicated to the High School Committee.

Meanwhile the committee purchased the necessary lands and collected materials etc., for the construction of the Buildings. Collections were also started. But now when everything is made, Government have written to the District Board that the question of the opening of the High School at Trikarpur may be deferred for the present.

This has caused widespread gloom in the village. Irrespective of parties and communities all people are now purturbed over this decision. Our people are all upcountry Villagers. The members of the Committee are likely to be considerably misunderstood in this. -- People will attribute this to the incapacity of the Committee. For having done so much for the High School we are now in a terrible fix.

The District Board has nothing to loose financially in this undertaking. All the necessary buildings are to be given free. An amount almost equal to more than three years running expenditure is to be deposited by us. Since all the arrangement have been made to open the High School from the coming year and since the material etc., have been collected and since lands have been purchased, it is earnestly requested that Government may be graciously pleased to reconsider the above order.

As the School year begins soon, it is earnestly prayed that Government may be pleased to take steps expeditiously to reconsider the order and do us justice by according sanction to the District Board for the opening of the High School at Trikarpur. For this we shall remain grateful.

Yours faithfully,

PRESIDENT.

K. P. KUTTI KRISHNAN NAIR,

Dear Mr. Subramanyam

The bearer is an important congress worker. He is also a very influential gentleman of the place. He comes here with a request regarding sanction to the District Board to establish a High School in Thrikarpur South Kanara District (Malayalam area). It is absolutely necessary to help us by permitting the request of the District Board as otherwise it may not be possible to start it this year itself. He will explain further particulars

Thanking you
yours sincerely

To

The Hon'ble Minister for Education,
Government of Madras,
Fort. St. George, Madras.

espected Sir,

We presented to the Hon'ble Minister a petition yesterday regarding the starting of a High School in Trikarpur. We omitted to mention one fact, which may make it easier for the Government in giving a favourable decision. It is this:

2. We have done everything in our part which we were required to do by the Special Officer, District Board. We have acquired the land and have started construction. We have also completed all arrangements to deposit the amount of Rs.10,000/- as required by the Special Officer. In spite of all our efforts the Government have turned down our proposal in view of the unsatisfactory financial position of the District Board. This has completely depressed us and put us into a very bad situation.

3. If the Government consider that the amount of Rs.10,000/- offered by us is not quite satisfactory we are prepared to increase it to Rs.15,000/- by putting special efforts. As we are proposing to construct buildings to accommodate four classes immediately and as we have also to incur heavy expenditure for furniture, laboratory equipment etc., we will be put to a heavy expenditure and it will be difficult to make any furtner deposit for the recurring expxnditure of the school.

Yours faithfully,
FOR TRIKARPUR HIGH SCHOOL COMMITTEE,

C. P. Muhammad

PRESIDENT.

Humble representation of the Secretary, Educational Advancement ø Society, Beltangady (Regd.No.5/54)

Respected Sir,

Subject: Secondary Education - High School opening of by the District Board with effect from 1-4-54.

Ref: (1) Govt.Memorandum No.29353-B2-54-1 Edn. D/-6-5-54.

I beg to represent the following facts for your kind consideration and favourable orders:-

In response to the representations pressed before the South Kanara Dt.Board for over ten years by the public of Beltangady to sanction a High School for Beltangady firka and its immediate neighbourhood, the District Board was pleased after satisfying itself of the educational needs of the area, to sanction in its resolution No.125 dated 4-3-54, a High School with Forms I to IV with effect from 1-6-1954 subject to the approval of the Government and the fulfilment of the following conditions by the School Committee.

1. That the School Committee puts up the necessary buildings as per the plan and design approved by the D.P.I. to accommodate all the forms of a High School and gifts them unconditionally to the District Board.

2. That the School Committee provides free of cost all the articles of equipment viz., furniture, teaching appliances, science articles and library books required for running a High School and

3. That the School Committee deposits a sum of Rs.5,000/- with the District Board to meet the net cost for running the High School for the first three years and furthermore the Committee has given an assurance to the District Board to meet further net cost, if any, in case the deposit made is found insufficient to meet in full the net cost of the School for the first three years.

Immediately after the District Board was pleased to accept these conditions and sanctio the opening of a High School, the Committee started making collections from the public and raise the necessary funds to fulfil the above conditions and has collected considerable funds to start the building work.

The high hopes raised in the mind of the public of Beltangady in getting facilities for High School education have been shattered to the ground by the orders contained in the Government Memorandum No.29353-E2-54-1 Education date 6-4-54 in which the Dt.Board has been dircted to defer the proposal to open a High Scpol at Beltangady in view of the unsatisfactory fiancial position of the Dt.Board. In this connection I may be permitted to submit that it s only on account of the poor financial position

of the South Kanara District Board that the Committee has come forward to meet the entire expenditure to run a District Board High. School for the first three years until the School becomes a full fledged one with Forms I to VI. You will be kind enough to realise that with the gift of buildings, equipment and the deposit equal to the net cost of running a High School for the first three years, the Board will be acquiring assets worth over one Lakh of Rupees which, we may be permitted to state, this District Board will not be in a position to achieve from its own funds for several years to come. The question of finance which has been raised in the Government Memorandum will not arise in this case as the Board will not be committed to any additional expenditure on account of opening a High School at Beltangady for the first three years. By sanctioning a High School with the prescribed conditions fulfilled the Government will not only enable the District Board to acquire assets worth over one Lakh of Rupees as pointed out above but afford High School educational facilities which have been denied to the children of this backward locality for over a decade.

Beltangady is almost in the centre of the Malnad region with a population of over 4000 with other populous villages round about it. It is the Headquarters of a Sub-Taluk and is likely to be theHeadquarters of an independent Taluk after 1st July 1954. There are over 20 public and Goverment Offices. Officers and

servants working in these offices are experiencing very great hardship in the matter of giving their children High School education. Furthermore over 250 children who pass out of the Three Higher Elementary Schools in and around Beltangady go without High School education. The Special Officer has furnished to the Government all the xxx statistics which will convince the Government the necessity for providing a High School in this locality.

If the Government inspite of the facts mentioned above decline to reconsider the orders contained in the above Memorandum, the Committee will be put to great loss and great disappointment will be caused to the public.

In the circumstances explained above, I humbly appeal you on behalf the public of Beltangady to reconsider the orders issued in the Government Memorandum quoted above and permit the District Board to open a High School with effect from 1st June 1954 in the best interests of the Malnad region, as a special case.

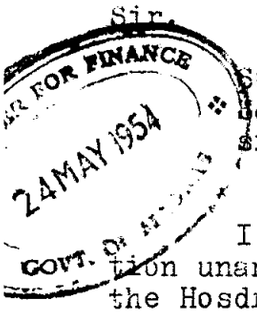
Hosdrug Sub Taluk Harijan Samaj,
Post Trikarpur, S.Kanara.

To
53108

The Hon'ble Minister for Education,
Government of Madras,
Fort St. George, M a d r a s.

Sir,



Sub: Secondary Education - Opening of Secondary School in Trikarpur - objection about proposed site - resolution of Harijan Samaj communicated.

I beg to communicate to you the following resolution unanimously adopted at the general body meeting of the Hosdrug Sub Taluk Harijan Samaj held under my presidency on the 8th May 1954 at North Trikarpur, with the request that you may be pleased to bestow sympathetic early consideration thereon:

Resolution: "This meeting strongly supports the resolution of the 2nd political conference of the Kilayikode Village Congress dated 27th April 1954 regarding the opening of the new Secondary School for Trikarpur in Madakkavu centre, lying on the northernside of North Trikarpur with a view to serve the greatest good of the greatest number of school-going children, there being extensive government land lying vacant in this centre giving scope for further expansion of school activities, and requests the authorities to do the needful in the matter."

While communicating this resolution, I beg to state that with a view to meet the needs of children in the sphere of secondary education, a proposal is afoot for the opening of a Secodary school in Trikarpur in the near future. It is understood that a section of those interested in this beneficent scheme desires to have the School started close to Trikarpur Railway Station. We have to state that the site close to the Railway station, and that too in immediate vicinity of a Higher Elementary School is not the proper one, because it will not be serving the several other villages. What the Political conference has suggested and what we suggest in pursuance of this conference resolution is that the ideal and centrail site is at Madakkavu, in North Trikarpur, a mile away from the Railway station, andthis will ensure easy, convenient access to those coming from the villages of Udinoor, Padannai, Pilicode, Maniyad, Kodakkad, Cheruvattur, Timiri, Kilayikode and Cheemeni. The population, the number of feeder schools, including Higher elementary schools are all close to the Madakkavu centre, and we have no doubt that if the authorities make a personal inspection and enquiry, the reasonableness of our request will be amply borne out.

In these circumstances, I request that the authorities be pleased to bestow early favourable consideration

recting that the construction of school buildings be started and classes conducted in Nadakkavu in ~~X~~ North Trikarpur, forwhich we shall be ever thankful.

Yours faithfully,

Trikarpur,
15th May 1954.

E.M. KUNHI RAMAN.

Ref. No. .....

Dated 19th May, 1954

From

The Correspondent

To

The Hon'ble Minister for Education to the Government of Madras, MADRAS.

SECRETARY TO GOVERNMENT 27 MAY 1954 54384 HEALTH, EDN. & LOCAL ADMN. DEPT.

MINISTER FOR 2 MAY 1954

Sir,

Sub: Opening of a rival High School by the District Board of South Kanara - at Beltangady in Puttur Taluk, South Kanara District - Proposal - Opposition to the proposal submitted.

Ref: Proceedings C. No. 713-G 1/54 dated 29/4/54 of the Director of Public Instruction.
2. Letter R.C. No. 4734-B.1/54 dated 10/5/54 of the District Educational Officer, South Kanara.

By a letter R.C. No. 4734.B.1.54 dated 10th May 1954 the District Educational Officer, South Kanara has called from me as the Correspondent of the above school for objections, if any, to the opening of a Board High School at Beltangady by the South Kanara District Board. A copy each of that letter and of my reply to that letter is enclosed.

Normally I shoudd not have made this representation to you. But the fact that this proposal has been sent down to me for my opinion after the reported decision of the Government not to encourage the deficit District Boards to start High Schools causes me alarm. Hence I have to invite your personal attention to this matter before any decision is taken by the Director. I have submitted a copy of my objection letter referred to above to the Director.

I would bring the following points in particular to your kind notice:-

Beltangady where the Board High School is proposed to be opened is only three miles from Ujire where this High School is situated. Beltangady has a population of 2,560 persons according to the census figures for 1951. This High School has a strength of 270 pupils. If another High School is opened at Beltangady this strength will be

seriously reduced and the existing High School already poor financially will have to close down before long.

Beltangady by itself cannot provide enough students for a High School. Nor is it difficult, comparatively speaking, for the pupils from Beltangady to walk the distance to the Ujire High School.

This High School is run by registered Society which was started for promoting education in this area known as the Malnad which includes Beltangady as well as Ujire and other villages. The membership of the Society is drawn from the entire area. It has already spent over a lac of rupees over the school and attached cosmopolitan hostel.

This entire area is sparsely populated and is very poor in the field of elementary education, and therefore cannot for the present support two High Schools.

Last year the elected District Board through a committee went into the question and decided that there was no scope for two High Schools in the area. But on the dissolution of that Board the nominated Special Officer decided to recommend the openeing of a High School at Beltangady without even giving me the requested hearing.

It may kindly be noted that this High School has been a pioneer in the fied of secondary education in this area and that the Government would be doing the barest justice by supporting this school against the threat of competition by the District Board.

Of course, when the primary feeder schools grow in strength and number to the extent of being able to feed two High Schools in this area our Society would be only too glad to support a new High School at Beltangady.

Thanking you,

Yours faithfully,

Tirbhide

////////

Sir,

Sub: Opening of a High School (District Board) at Beltangady - objections called for:

Ref: Your letter RC.No.4734-H1/54 d/-10-5-54
Also please refer to my letter d/- 13-3-53 in reply to you RC.No.1809-H1/52 d/-1-3-53.

In drafting this reply I have consulted Sri Dharmastal Manjayya Hegde, the President of the K.G.E. Society running this School, and prospective transferee of the management of this School.

The School management continues to have strong objection to the starting of a High School at Beltangady by the District Board. I beg to invite your attention to my letter cited above. Since then the position of this School has deteriorated in respect of strength which declined from 297 to 271 and in respect of finances which dwindled to nought. The School year 1954-55 will open with barely 200 pupils on the rolls.

Beltangady and the villages lying within its 5 mile radius cannot by themselves feed and sustain a full

fledged fee-levying High School with pupils or money. They will need outside sustenance. The break up of the figures of the pupils in the Beltangady higher elementary schools according to their respective native places and income of parents will bear this out. Secondly Beltangady and Lalla villages come within the 5 mile neighbourhood of Ujre - indeed they are even nearer. Speaking in relative terms this shows that there is no necessity for a separate High School for Beltangady. In Malnad rural areas with their scattered hamlets and houses pupils will have to walk a few miles to their schools unless every village were to house a High school without regard to economy.

Starting a High School at Beltangady will deal a crippling blow to this existing High School. I must make it very clear that this High School was started for the entire sub-Taluk. that Ujre was chosen as the site by a Committee which consisted of gentlemen from Beltangady and Lalla also, that Ujre is more populous, more healthy and in point of facilities for playground, gardening and agriculture more suitable than Beltangady

////////

It was because we realised that the feeder schools in the Sub-Taluk could not support two High Schools, that opportunity was given for the canvassing of their respective claims by different centres and that the final choice was made after going through the competitive claims and taking into account all the other factors also.

As this is a rural area consisting of scattered and sparse population a hostel at a cost of Rs.35,000/- was put up by Sri D.Manjayya Hegde, who is the main founder and patron of this school. This hostel is cosmopolitan as well as cheap. It is to be noted that very few pupils from Beltangady area make use of this Hostel. They walk the distance. Over a lakh of rupees have been invested in buildings, equipment, furniture and other necessities. As two High Schools cannot co-exist ~~x~~ under the present circumstances for long the Government may kindly consider whether they should contribute to the extinction of an existing school

reared in part at least with the assistance of the Govt. grants. Two High Schools will only mean less efficiency and less scope for fair practices. The Mudaliar Committee for Secondary Education have some pertinent observations to make on the starting of new High Schools.

I must also very strongly deprecate this move and also the method of this move by the District Board. Last year a committee of the elected members of the District Board went into this question and came to the conclusion that until there are a great many more lower schools to support two High Schools the question of starting a new High School at Velvengady should be deferred. But after the dissolution of that Board the Special Officer proceeded to recommend the starting of a High School at Beltangady without even giving us, inspite of our request, an opportunity to state our case. Recently it was reported that the State Govt. have advised the local bodies to occupy themselves in developing Primary Education to the full under their jurisdiction before embarking on High School ventures. I hope the Govt. would not support the Board in setting

up its High School in competition with an existing aided High School. This would be a real set back to sound education.

Sri D.M.Hegde has immediately to find funds for completing the building, equipping the school and building up the prescribed endowment and this will mean an expenditure of Rs.25,000/-. If another High School is opened there will be the additional annual drain of nearly Rs.6000/- or so for a few years until the school's inevitable closure. We have a right to expect the Govt.to appreciate the splendid efforts made by the Society and its President to raise the educational standards of the Malnad on sound lines, and to hope that Govt.will not permit anything to happen to the detriment of the existing institution.

We have already made staff appointments for the coming year, and if the High School were to be started at Beltangady in June 1964 a few of the staff

will have to be thrown out of employment.

Lastly I submit that until enough feeder primary Schools are started and properly function - may be owing to the exertion of the District Board - no new High School at Beltangady or ~~any~~ elsewhere in the Sub-Taluk should be permitted to be opened.

Yours faithfully,

Sir,

Secondary Education- New school for Trikarpur- Resolution of Cheemeni Village Congress Committee on the issue of school site- communicated.

I beg to communicate the following resolution passed by the Cheemeni Village Congress Committee held on the 7th May 54 for your kind consideration and early orders:

Resolution: This committee offers its sincere congratulations at the efforts being made by citizens of these parts actuated by a desire for public service to have a Secondary School opened in Trikarpur and assures the School Committee of all support of the Congress Committee in their endeavours to bring about a happy fruition of the scheme. The 2nd Political conference of the Kilayikode Village Congress held on the 27th April 54 has passed a resolution suggesting the eminent desirability of having the school opened in Nadakkavu lying on the northern side of North Trikkapur, where there is extensive waste land belonging to the Government offering facilities for future expansion, in the best interests of the children coming from the various villages adjoining Trikkarpur. This Committee supports this resolution of Kilayikode Congress conference,

to have the school opened in Nadakkavu in North Trikarpur qnd requests that the educational authorities be pleased to see that the secondary school comes into being in this ideal and central place in North Trikkarppur."

"This meeting authorities the President Sri K. Krishna to Communicate the resolution to the concerned authorities."

I beg to send the resolution to you, self-explanatory a it is, with the request that you may be pleased to order a personal inspection of the site proposed, and have the school buildings constructed in North Trikarpur as that will redoun to the convenience of the children coming from all the surroundin villages.

Thanking you,

Yours faithfully,

Cheemeni,
15th May 1954.

TRIKARIPUR

Edn.

Sir,

Sub:- Opening of a new High School at Trikaripur-Resolution of the Charvathur Panchayat Board communicated

I am herewith enclosing the true copy of the resolution passed at the meeting of the Board held on 29-5-54.

In this connection I wish to invite your attention to the following facts and request to consider our resolution sympathetically.

The opening of a new high school between Payyanoor and Nileshwar is quite essential and your attempt to start one is being appreciated by all the people of this locality. But we understand that the high school would be located near Rail way station - Trikaripur and in this respect we have to bring the following facts to your attention.

There are two high schools already at Nileshwar and Payyanoor and when a new high school has to be started, it would be just and proper if a central place between these two schools is selected for its location; But you have selected a site very near to the Payyanoor and far away from Nileshwar and consequently the students of Charvathur 10 11, Kilayiloode, Kayyoor, Thimiri, Kodakkad, Cheemeni, Pilicode, Maniyat and Padne would not get any benefit from the new high school. The new school, if started at the present proposed site - would be beneficial only for the students of South Trikaripur Village.

Further we came to know that the present sight selected for the purpose for of starting the school is a private property, and the site value has to be paid to the concerned owner. Moreover there is no ample space for playground etc. or for further extention of building.

There are about fifty acres of Poramboke land at Kadakav in north Trikaripur village which has not been leased to any body so far. We think that, if approached, the Government would be pleased lease out these Poramboke lands for the purpose of the school.

The site mentioned in the above para is situated at a central place between Payyanoor and Nileshwar. The coast road passes through these lands.

There are five higher elementary schools around this site. Viz. (1) Nileshwar Central H.E.School (2) Padne Board H.E.School (3) Harijan Welfare H.E.School Charvathur (4) Govt. Fisheries H.E.School Charvathur (5) Puthiliot H.E.School; and these would function as feeder schools for the new proposed high school.

Hence

Hither for request that you may be pleased to re-consider about your proposal of starting the newigh school near railway station Trikaripur and to shift the same to Kadakav who would be more convenient and beneficial for the public.

Yours faithfully,

President, Panchayat Board
Charvathur, S. Kanara

Resolution passed at the meeting of the Charvathur Panchayat Board, held on 29-5-'54.

" This meeting of Charvathur Panchayat Board request the authority concerned to start the new proposed high school at Kadakav in north Trikaripur village instead of South Trikaripur"

Resolution passed unanimously

SUB:- EDUCATION - Secondary - District Board, South Kanara - Opening of high schools at Beltangady, Tricarpur and Paivalike - 1954-55.

REF:- Government D.O. Letter No. 29353 E2/54-2, Edn. dated 26-4-54.

P.D.I.

In submitting herewith copies of the Endorsement Rc. 5734 B1/54 dated 14-5-54 and letter Rc. 272 32/54 dated 25-5-54 from the District Educational Officer, South Kanara and the Divisional Inspector of Schools, Coimbatore respectively, containing remarks on the proposals of the District Board, South Kanara to open high schools at Belthangady, Tricarpur and Paivalike, I have to state that I am for the opening of a high school at Tricarpur only as recommended by the Divisional Inspector of Schools.

2. The three letters Rc. A3. 893/54 dated 18-3-54 Rc. No. A3. 1156/54 dated 22-3-54 and Rc. No. A3. 21420/54 dated 31-3-54 from the Special Officer, District Board, South Kanara received with the Government D.O. referred to above are resubmitted herewith.

Yours faithfully,

V. Krishnamoorthy 12/6/54

for DIRECTOR OF PUBLIC INSTRUCTION.

KS. 12/6.

12/6/54

Sub:- Education - Secondary - District Board, South Kanara - Opening of high Schools at Belthangady, Tricarpur and Paivalike - South Kanara District.

Ref:- N.Rc.No.713-G1/54 dated 29.4.1954 of the Director of Public Instruction, Madras.

RC.No.5734-B1/54 Dated the 14th May 1954.

Resubmitted to the Director of Public Instruction, Madras through the Divisional Inspector of Schools, Coimbatore with all enclosures.

2. The remarks on the claims of the three localities are furnished in the order of priority.

(a) Trikarpur:- Tricarpur North and South are two villages on the Southern most part of the South Kanara District with a population of about 13 thousand. There are 30 Ele. schools within a radius of 5 miles including 5 H.E. schools. The nearest high schools are the Rajah's High School, Nileshwar at a distance of 9 miles and the Board High School, Payyanur in the North Malabar District at a distance of about 6 miles. The total Number of pupils reading in Standards V of all the Elementary schools is 303 plus 221. The strength in standards VI to VIII of H.E. schools are as follows:- VI - 198 plus 44, VII - 152 plus 34 and VIII - 100 plus 22 total 450 plus 100. The No. of pupils attending the Rajahs High School, Nileshwar is 50 plus 1 and about 60 are attending Payyanur in North Malabar District. It is therefore evident that most of the pupils especially girls have to discontinue their studies as they are unable to attend the distant high schools due to financial difficulties. If many of these pupils to have secondary education. There is therefore e ery need for a High School at Tricarpur. The management of the Rajah's High School, Nileswar have no objection to the proposal.

The congress committee of Trikarpur had submitted a representation on 30-8-1952 to the Hon. Minister for Agriculture Madras in the matter. The committee has requested the Dt. Board to open a High School at Tricarpur, by converting the Board H.E. school at Kooleri. The Board Higher Elementary School building is not suitable for a high school and H.E. standards of the Board H.E. school Kooleri have to be continued for the poor pupils who cannot afford secondary education.

A separate high school committee has been formed by the leading members of the public of Trikarpur. About 1½ acres of land has been acquired for the high School site. The site selected is suitable Another 3½ acres adjoining this plot will be donated or acquired shortly. Two acres of Government land is available in front of the school site which can also be used as playground. There are available at present 6 rooms, in which the proposed high school will be located temporarily till a pucca suitable buildin g is not constructed. The High School committee has collected stones and timber and promised to put up a pucca building before the end of August 1954 and to provide all the required furniture, equipment, library books etc. and necessary sanitary conveniences. The committee has also undertaken to deposit a sum of Rs.10,000/- with the District Board for meeting the net cost of running the High School for the first 3 years. As such the District Board will not be committed to any additional expenditure on the opening of a High School at Tricarpur for at least 3 years.

The No. of pupils that may be expected in each form, will be 35 to 40 to begin with Ultimately there will be at least 2 full sections in each of the forms III to VI.

Under the circumstances, it is recommended that the District Board South Kanara may be permitted to open a High School at Tricarpur with forms I to IV to begin with in June 1954 itself.

(b) Paivalike:- This village is in the Kubla Firka Development area. The population is about 5000. There are 7 Ele. and 6 H.E.Schools within a radius of 5 miles. The total strength of Std.V of these schools is 128 plus 50. The strength in each of the standards VI to VIII of H.E.Schools is as follows:- VI - 102 plus 28, VII - 107 plus 25 and VIII 51 plus 10 - Total 260 plus 64. There is no High School within a radius of 10 miles. The nearest High School is the S.A.T.High School, Manjeshwar at a distance of 10 miles. Most of the pupils have no scope for secondary education as they are not in a position to meet theheavy expenditure for attending distant high schools. It will be a great benefit for the public of this village and surrounding villages if a High School is opened in Paivalike.

The High School Committee formed in this village has requested the District Board to open a High School at Paivalike by converting the Paivalike Board H.E.school. But the H.E.standards of this H.E.School cannot be closed down as they will be catering to the needs of the poor section of the people. The site seledted for the high school is at a distance of 6 miles from the Mangalpady Railway Station. There is a public Road running from the Railway Station to Vittal. The site selected is suitable. The High School Committee has agreed to construct necessary buildings and to supply all the required furniture, equipment, library books etc. and also to deposit a sum of Rs. 1,0000/- with the District Board to meet the net cost of maintaining the High scholl for 3 years. The Dt.Board has acquired 2¼ acres of land. The High School Committee is taking action to acquire two more plots measuing 3 acres and 1½ acres. The promised collection is about Rs. ₹5,000/-.

It is proposed to locate the high school classes temporarily in the H.E.School classes building till the pucca building is got ready. The committee will be providing temporary shed for the conduct of the H.E.School. The strength that can be expected in each of the forms I to IV will be 30 to 35.

There is another proposal of the Vani Vijaya Sangha (Private management) Kdlamogaru to open a High school in Kodlamangaru which is at a distance of about 15 miles from Paivalike by road. Hence the schools proposed to be opened at Paivalike and Kodlamogalu will not be affected.

A High School at Paivalike is undoubtedly a long felt need. As the High Schod Committee is prepared to meet all the expenditure at the initial stage, there will be no financial commitment to the South Kanara District Board . It is therefore recommended that the District Board may be permitted to open a High School with Forms I to IV to bei gin with at Paivalike in June 1954.

(c) Belthangady:- Belthangady is the Headquarter of a Sub Taluk and the short distance from Mangalore is 37 miles. There are 10 Ele. and 2 Higher Ele. Schools within a radious of 5 miles The High School Committee of Belthangady has agreed to provide necessary buildings, furniture, equipment, library etc. and to deposit a sum of Rs. 5,000/- with the District Board to meet the net cost of ruming the High School for the first 3 years.

A land of 7 cents adjoining the Board Hr. Ele. School will be donated an a plot of 80 cents is promised. Another 3½ acres adjoining these plots is likely to be gifted. The High School, Committee has collected Rs. 3,800/- and the promised amount is Rs. 8,6[illegible]/-. The High School classes are proposed to be temporarily located in the New Block 100' x 20' of the Board Hr. Ele. School building, till a permanent building is put up.

The K.V. High School, Ujre is at a distance of 3½ miles from Belthangady. About 72 pupils of Belthangady and its

A

neighbourhood are attending the K.V. High School, Ujre. The K.V. High School was opened at Ujre as this site was found suitable by the High School Committee consiting of the members from Belthangady, Ujre and other neighbouring villages. The management of the K.V. High School, Ujre had alredy spent more than a lakh of rupees on buildings, furniture, equipment etc. and a total grant of Rs.31000/- towards the construction of building and for the purchase of articles of furniture etc. was also sanctioned. About Rs.35000/- was spent in addition for the construction of a hostel. The strength of this High school is deteriorating year by year. Due to financial stringency, the management of the K.V. High School, Ujre has decided to transfer the school to Sri D. Manjayya Heggade of Dharmastala as a going concern. A copy of the letter dated 13-5-54 of the Correspondent, K.V. High School, Ujre is enclosed. If another high school is opened within a radius of 5 miles, one of the two schools most probably Ujre will have to be closed down in the near future as it will becom uneconomical and the other High school may also not get the required strength in each form. There is no scope for two high schools one at Ujre and one at Belthangady in this backward Malnad area of this District. It is also not desirable that the Dt. Board should open a High School as a rival to an Aided High School within 3½ miles. The District Board applied for permission to open a Secondary school at Belthangady in June, 1953 also, but the proposal was not recommended and the same was recorded by the Director of Public Instruction, Madras in his Pros. L.Dis.No. 1524-G1(2)/53 dated 11-5-53. Under the circumstances the proposal of the District Board south Kanara for the opening of a High School at Belthangady during 1954-55 is not recommended.

'A'

Sd . x x x x x
District Educational Officer,
South Kanara.

Copy of letter RC.272-B2/54 dated 25-5-54 from the Divisional Inspector of Schools, Coimbatore Division, Coimbatore to the Director of Public Instruction, Madras.

Sub: Education - Secondary - District Board, South Kanara - Opening of High Schools at Belthangady, Tricapur and Paivalike - South Kanara District.

REF: Director's Proceedings N.R.C.No.713-G1/54 dated 29-4-54.

I invite your kind attention to the remarks submitted in Rc.No.5734-B1/54 dated 14-5-54 of the District Educational Officer, South Kanara (copy submitted to the Director of Public Instruction, Madras).

I submit the following remarks on the claims of the three localities in the order of priority and independant of the orders in Director's Proceedings Dis.No.2022/54 dated 12-4-54 and Rc.602-G1/54 dated 3-4-54.

1) Trikapur: From the particulars furnished by the District Educationa Officer, South Kanara, there is need for a secondary school at Trikarpur. The population is about fifteen thousand. There are 30 Elementary Schools and 5 Higher Ele. schools within a radius of five miles. About 110 pupils are reported to be attending the nearby high school a - Payyanur and Nileswhar. Payyanur, Nileswhar and Trikarpur are connected b train. It is not desirable to convert the existing Higher Elementary School and curtail facilities for poor pupils who cannot afford secondary education. It is stated that about 1½ acres of land has been acquired for the high school site. There areavailable at present six rooms in which the proposed high school will be located temporarily. The committee has agreed to provide adequate and suitable building, playground, furniture, equipment apparatus maps and books. The opening of a school with Forms I to IV to begin with is recommended to be permitted from June 54 subject to the provision of adequate and suitable accommodation, playground, staff, furniture and equipment. The Committee is prepared to deposit - Rs.10,000 with the District Board to meet the net cost of running the school in the first three years.

2.) Paivalike: There are seven Ele. Schools and six Higher Ele. Schools within a radious of five miles. It is proposed to locate the high school classes temporarily in the Higher Ele. School building. The Higher Ele. School cannot be closed as it will be catering to the needs of the poor people who cannot afford secondary education. There is no building available for locating the proposed high school. The proposal is to locate the high school classes temporarily in the building of the Higher Ele. School and to transfer the Higher Ele. School to thatched sheds to be constructed for the purpose. This is not a satisfactory arrangement. The proposal is therefore recommended to be deferred.

3) Belthangady: The remarks of the District Educational Officer South Kanara are endorsed. Opening of a school at Belthangady is not recommended. The applications of the Special Officer District Board, South Kanara, are submitted herewith.

The Exmr. of L.F.Accts. S.Cs.2.

ANNEXURE.

Conditions imposed in the matter of opening of a High School with forms I to IV at Trikarpur.

---

1. The Dt. Bd. should open forms V and VI in the school during the years 1955-56 and 1956-57, respectively.

2. The High School Committee should transfer to the Dt. Bd., free of cost, the lands measuring 5 acres secured for the school.

3. The Committee should arrange for the construction of the building for the school and convey it to the Dt. Bd. through a Registered Deed meeting the stamp registration charges.

4. The Committee should ~~hand over to the Dt. Bd.~~ provide articles of furniture and equipment required for the school.

5. The Committee should deposit with the Dt. Bd. before the end of June 1954 a sum of Rs.15,000/- towards the recurring charges connected with the maintenance of the school during the three years ending with 1956-57.

To

The Honourable Minister of Education,
Government of Madras,
Fort St. George,

Sec'y (Edn) 16.6.54

Respected Sir,

I, on behalf of [illegible] of Beltangady and neighbouring villages, of South Kanara District, beg to represent to you the following grievances for favour of kind redress:

The resolution of the South Kanara District Board to open a High School here at Beltangady having been deferred by the Government, I on behalf of the residents of Beltangady and neighbouring villages, had requested in my petition dated 30th April 1954, to kindly reconsider the orders of the Government in the light of the specific instances stated therein, which instances warranted the opening of a High School here,. But it is highly grievous to note that no favourable orders have been so far received on the same.

In this connection I beg to represent that in my petition referred to above I had stated that Beltangady would be going to be the Head-quarter town of a new Taluk. Now I am glad to bring to your kind notice that orders have been passed to that effect. I once again herein represent that the members of the new staff of the Taluk Office including the Sub-Treasury section as well as the practising lawyers who will settle down here would also be grievously feeling for the non-existance of a High School here.

Hence I pray for favourable orders in

the matter urging which a telegram purporting as follows has been given to-day:

" RECONSIDERATION PETITION - THIRTIETH APRIL -
OPENING - HIGH SCHOOL - BELTANGADY -
PRAYED - GRIEVANCE - PETITION - FOLLOWS"

Sir,

EDUCATION- Secondary - Opening of a Board High School at Venur - Sanction requested

---

Venur in Karkal Taluk is in an educationally backward area. It is in the Malnad region with no facilities for High School education. There are no High Schools within a radius of 12 miles, the nearest High Schools being the S.V.S. High School, Bantwal and the Jain High School, Moodabidri both of which are situated at a distance of 12 miles from Venur. The number of pupils attending these two High Schools from Venur and surrounding villages is 33. There is a Higher Elementary school at Venur managed by the aided agency which has a strength of 350. The strength of VIII Standard of this Higher Elementary school is about 30. There are three other Higher Elementary schools within a radius of 8 miles and the poorer students who pass out of these schools will find it extremely hard to continue their studies in Bantwal or Moodabidri. The public of the locality have come forward with the offer of buildings, furniture Science equipment and a cash deposit of Rs.3,000/- to enable the Dt.Board to open a High School in this centre. The District Board had resolved in its resolution No.80 dated 17-9-1952 (copy enclosed) to open a High School at Venur proper on the condition that the local public provide buildings, articles of equipment and a cash deposit of Rs.5,000/- towards the net cost of running the High School for the first three years. This deposit amount of Rs.5,000/- was further reduced to Rs.3,000/- in District Board resolution No.121 dated 27-6-1953 (copy enclosed) in view of the educational backwardness of the area. The High School Formation Committee has already deposited Rs.3,000/- with the District Board. The Dt.Educational Officer, S.K is also of the opinion that a High School is necessary at Venur.

2. In para 8 of their Order No. 254 L.A., dated 24-2-1954, the Government have ordered the District Board not to increase the commitments of the District Board under Secondary Education either in the current year or in the Budget year by taking up new items of expenditure. But considering the educational needs of this Centre in the Malnad region and the general backwardness of the people of the locality, I request that Government may be pleased to consider this proposal favourably and permit this District Board to open a High School at Venur with effect from 1-6-1954. On receipt of sanction from the Government, formal applications will be made to the Director of Public Instruction for permission to open the High School at Venur.

For Special Officer

Rc.No.713.G.1/54 dated 19..6..54

Sir,

Sub: Education - Secondary - District Board, South Kanara - Opening of a High School at Venur - 1954-55
Ref: Government Endt.No.42512.E.2/54-1 Edn., dated 29..4..54

In continuation of my letter Rc.713.G.1/54 dated 12.6.54, I am resubmitting herewith the letter Loc.No.A.3.14710/53 dated 22.4.54 of the Special Officer, District Board, South Kanara received with the Government Endt. Cited above.

I have to state that the strength of the only Higher Elementary school in the locality is as follows:-- Standard VI - 38 plus 9;
Standard VII- 29 plus 7;
Standard VIII-13plus 3.
This is not encouraging. The sum of Rs.3,000/- deposited and the sum of Rs.2,000/- collected for a school building fall short of the requirements indicated in my letter to Government (D.O.No.915.G.1/54 dated 15.6.54) relating to the opening of the District Board Secondary Schools. No indication has been given in regard to the suitability or adequacy of the temporary accommodation.

P-11

In view of all these, I consider that the proposal may be deferred.

Yours faithfully,

for Director of Public Instruction 22/6/54

Ref: .....

To

The Honourable Minister for Education
Govt. of Madras,
MADRAS.

Respected Sir,

I wish to place the following facts before your Honourm regarding the newly started Trikarpur High School in South Kanara District run by the Dist. Board South Kanara as per your Honour's permission(Vide G.O. Ms.No.849 Education dated 21-6-54.

The facts of the matter are as follows:-

2. The District Board of S.Kanara informed that they were prepared to open a High School in our Village, if the Local people would contribute Rs.10,000/- land, building, furniture and appliances. We agreed to the conditions; But our proposals were submitted to the Govt. along with some other proposals of opening other High Schools also in the District at the same time. Government was not prepared to permit the Dist.Board to open all these High Schools.

3. Under the above circumstances, we approached Your Honour last year, and we are grateful to you, Sir, for having given permission to open our High School last year Of course we had to pay Rs.5,000/- more to the District Board as deposit.

P.T.O.

4. In the matter of opening of High Schools by Dist. Boards and Municipalities Govt. have laid down certain conditions in their Order in September 1954. It was issued very closely after our school was opened. The Order contemplated the Public should give ~~xxxxx~~ building lands and Rs.8200/- by way of Deposits, if the District Board or Municipality should open a High School. The supply of furniture and appliances could be waived by the Dist. Board if the financial position of the local people was not sound.

5. In our case we had to deposit Rs.15,000/- when others need deposit only Rs.8,200/-. We have purchased necessary lands furniture etc., The building is coming up. But our financial position now is very bad. The sudden fall in the price of pepper and other difficulties have rendered our task of public collections extremely difficult. ~~x~~ Thus we are faced with a crisis. We have yet to complete our building Of course we have gone a long way and we are sure to complete it. But we are afraid that we may not be able to make further commitments.

6. Therefore we pray that since we have done all that we could do possibly do and something more, we may be absolved of making further suppl of furniture and appliances to the High School After all in South Kanara Dist. there is no other Malayalam High School for which the Dist. Board has to meet any expenses. Therefore we request the Govt. to make the order referred to above applicable to our case also since the Dist. Board seems to be in doubt about it. For which act of justice we shall remain grateful.

Yours faithfully,

K. P. Mohammad

Sir,

Rc.No.427 G1/55 dated 22-11-1955.

Sub:-Education-Schools-Secondary-Opening of a High school at Trikarpur-Public contribution.

Ref:-D.O.No.81878 E3/55-1 Edn. dated 25-8-55.

117385

In submitting herewith a copy of the letter A3-14516-54 dated 14-10-55 received from the President, District Board, South Kannara, I may state as follows:-

In their G.O.Ms.No.849 Edn. dated 21-6-54, Government permitted the District Board, S. Kanpara to open a high school at Trikarpur with Forms I to IV subject to certain conditions mentioned in the annexure thereto. Now the President, Trikarpur High school Committee request, that the terms of G.O.No.1360 Edn. dated 23-9-54 may be made applicable in their case also and that they may be freed of their obligation to supply further equipment for the school. It is pointed out that the conditions imposed in regard to the provision of playground and the construction of permanent building for the schoool are in the process of being fulfilled and that the committee has already deposited the sum of Rs.15,000/- towards the maintenance charges of the school as required in the G.O. cited.

The President, District Board, S. Kannara has stated that the total cost of furniture and equipment so far supplied by the Committee comes to Rs.4,779-2-0; that no science equipment has been supplied; and that the number of library books supplied is not adequate. According to his estimate, the approximate cost of equipment still to be supplied works out to Rs.6,980/-. He (President, District Board) suggests that out of a deposit of Rs.15,000/- already made by the Committee, a sum of Rs.8,200/- may be set apart for meeting the recurring expenditure of the school for three years and that the balance of Rs.6,800/- may be utilised for supplying the further equipment needed for the school as follows:

	Rs.
(i) Science apparatus	2,500
(ii) Library books	1,000
(iii) Furniture	3,300
Total	6,800

The President, District Board thus recommends the Committee's request to free it of its obligation to supply further equipment for the school. I agree with his recommendation and request that Government may be pleased to approve the proposal of the President, District Board, S. Kanpara so that the committee will have no more obligation to supply any further equipment for the school.

Yours faithfully,

M. Sankaranarayanan 24.11.55

ub: Education - Secondary - Opening of a High School at Trikarpur - Public contribution.

---

ef: G.O.Ms.No.1360 Edn. dated 28-9-1954.
G.O.Ms.No.849 Edn. dated 21-6-1954.
From the P.D.B., The Trikarpur High School Committee, dated 9-8-1955.
From the D.P.I., Rc.No.427-G1/55 d/22-11-1955.

The Dt. Bd., South Kanara, was permitted to open a High School at Trikarpur in forms I to IV with the help of local contribution as indicated below:-

1) The Local High School Committee should construct a building for the school and get the land and building transferred to the Dt. Bd. free of cost;

2) The Committee should arrange for the supply of furniture and equipment required for the school; and

3) A sum of Rs.15,000/- should be deposited with the Dt. Bd. towards the recurring charges connected with the maintenance of the school.

2. In September 1954 (subsequent to the issue of orders in the case referred to in para 1 above) general orders were issued indicating the contribution which local bodies should insist from the local public if schools are to be opened in particular localities. Under these orders local public should make the following contributions for the purpose of Secondary Education:-

i) The Committee should provide a building for the school;

ii) Contributions towards the recurring charges should be made on a scale indicated in the G.O. (for opening of High schools a total contribution of Rs.8,200/- should be made).

iii) The Dt. Bd. may dispense with the supply of equipment by the Local Committee if in its opinion the cost of the bldg. and contribution towards recurring charges are considered adequate.

3. In the case of Trikarpur School, the Committee has paid a contribution of Rs.15,000/- towards the recurring charges and had supplied

1173 SS/284-14/12

equipment at a cost of Rs.4,779/- (the full cost of the equipment required for the school has been estimated by the D.P.I. at Rs.11,759/-.). Inasmuch as the contribution ~~of~~ earned recurring charges to be demanded under the general orders has been limited to Rs.8,200/- the High School Committee requests that it may be absolved of the responsibility ~~of by~~ providing the balance of equipment ~~required~~ required for the school. The D.P.I. says that the cost of the balance of equipment yet to be supplied for the school (Rs.6,980/-) can be met more or less from the contribution made by the Local Committee towards the recurring charges in excess of that prescribed in the G.O. viz., Rs.6,800/-.

4. For orders whether the D.P.I.'s recommendation at 'A' on p.11 c/f may be accepted and the Dt. Bd. asked not to insist on the supply of addl. equipment to the Trikarpur school by the Local Committee. The file may be submitted to M.(F. & E.) with ref. to his minutes on p.1 c.f.

SECRETARY TO GOVERNMENT

10.12.55

With reference to orders above, a draft memo is submitted below for appl.

13/12/55 18/12

15/12/55

H.E.L.A. (E.2).

Sub:- Education - Secondary - Opening of a High School at Beltangady - South Kanara Dt.- Sanction.

Letter from the Special Officer, Dt.Board, South Kanara, Roc.No.A3-983/54 dated 18-3-54. & Memo No A3-1156-54 dt- 22.3.54.

When passing orders on the General Funds Budget of the Dt. Board, South Kanara, the Board was informed ~~by Government~~ that it should not increase its commitments by opening new secondary schools except with the sanction of Government. This ban was imposed on account of the unsatisfactory position of the General Funds.

2 The Spl.Officer has now come forward with the proposal to open a high school at Beltangady & Bicarpur in view of the promises made by the local public. It is not known how far the public will fulfil the promise made conditions undertaken by them. The items of help promised by the local people are generally of a non-recurring nature, and the Dt. Board will have to meet the recurring cost connected with the opening of the school. The Spl. Officer has not indicated the extra cost to the Dt. Board on account of the opening of the new schools. Generally, promises made by local public are not ful filled, and the Dt. Board has eventually to meet the extra cost connected with the opening of new schools. The Special Officer, Dt. Board, South Kanara, may therefore be asked to furnish an estimate of the ext cost connected with the opening of the new schools, both recurring and non-recurring, ignoring the promise made by the public. For orders.

note on the financial position.

25/3/54. 25/3

On the basis of the R.E. of the Dt Bd. for 1953-54 as Revised by Govt. the Genl. Account of the Dt. Bd. is expected to work at a deficit of Rs 94,730/-. In view of this the Dt. Bd. has been specifically

asked not to increase its commitments under "Roads", "Secondary Education" and "Public Health" either in the current year or in its budget year by taking up new items of expdre

27.3.52.

1.1.
27.3.52

It will be seen from the notes of L.3. section above, that the District Board will not be in a position to maintain the two high schools, to be newly opened, at Balangoda and Uriyapura (PP 1-7e.) banking upon the help offered by the local public. Their orders, whether the Board may be asked to defer the opening of the two secondary schools

31/3/52

2. Secretary has recorded his view in another connection that local bodies should not take up proposals for the opening of new secondary schools so long as they have not introduced the modified scheme of Edy Education in their areas. It may be noted that the Elementary Education Fund of the D.C. Board, South Kanara, is also working at a deficit. It seems desirable for the Board, to conserve its resources for the maintenance of the existing institutions and

Representation of the ~~Trikar~~ President, Trikarpur High School Committee, Trikarpur, to the Minister for Edn. No.nil dated 22-4-54 and 23-4-54. ~~& the memorials~~ ~~Q.11 (31)~~ ~~were on~~.

Attention is solicited to the notes on pages 1-2 ante and the orders in the Memo. on p.15 c.f. The President, Trikarpur High School Committee, Trikarpur urges upon the Govt. that the Dt.Board may ~~should~~ be ~~perm~~ permitted to open a High School at Trikarpur, having regard to the promises made by the local public.

pp 25-26 c/c

'A' on p-5 c/c & pp 41-42 c/c

2. Two points require examination in connection with the opening of high schools.

Point No.(1):

The need for a high school in the locality.

p.t.

Point No.(2): Ability of the Dt. Board to maintain the school from its funds.

(1) above:- The Dt. Board, South Kanara is maintaining a Higher Elementary School at Trikarpur. The proposal now is to convert the Higher Elementary School into a High School. The existing standards ~~xxx~~(i.e. VI to VIII of the higher elementary schools) will function as Forms I to III of the high schools. Forms IV to VI will have to be newly opened. It is usual to open Form IV in the first year, Forms V and VI being opened in subsequent years. ~~If~~ If the strength of the pupils increases, additional Sections may have to be opened in due course. It is not known whether there is a real need for ~~higher~~ a high school in the locality. It is stated on p.6 c.f. that the nearest high school is at a distance of 11 miles from Trikarpur. In any case, the need for a high school at Trikarpur should be examined by the D.E.O. ~~concerned~~. The high school, if opened, will have to be recognised by the D.P.I. and an application has to be made to the Director by the Dt. Board in the matter. The D.P.I. in according permission for the opening of a high school will ~~have to~~ satisfy herself about the need for a school in the locality after obtaining a report from the D.E.O. ~~concerned~~.

(2) above:- From the notes on pp.1-2 ante, it will be seen that the General ~~Fund~~ of the Dt. Board, South Kanara, is working ~~under~~ a deficit. The Dt. Board will not be able to maintain the high school from its funds. As indicated at 'A' above, ~~Even though~~ the initial cost for the Dt. Board on account of the new school may not be much, ~~the~~ expenditure may be increasing year after year. The help promised by the local public, P-SC 2 ~~are~~ is only towards non-recurring charges such as provision of building, purchase of furniture, etc. The cash deposit of Rs.15,000/- offered, will be sufficient for the Dt. P-41 C Board to maintain the school for a few years. By that time it may be hoped that the financial position of the

District Board would have ~~to be~~ improved. Even if there ~~will~~ be no improvement after some time, the question as to what should be done might be considered after the contribution made by the public has been fully utilized. The enthusiasm of the local public should be encouraged and the generous offer made by the local public in regard to buildings, equipment and donation towards the recurring charges may be accepted. The building after it is constructed, should be made over to the Dt. Board through a registered deed. The equipment and other articles of furniture should be handed over to the Dt. Board for the maintenance of the school. ~~The~~ A deposit of Rs.10,000/- should be made ~~available~~ immediately with the Dt. Board towards the cost of maintenance of the school. ~~They~~ Time may be given for the ~~time to~~ deposit the balance of Rs.5,000/- within a period of 1 year. The sum of Rs.10,000/- will be sufficient for the maintenance of the school for some years. In this view, the Govt. may perhaps permit the Dt. Board to open a high school at Trikarpur. The needs for the establishment of the school should however be decided by the D.P.I. as indicated under item (1) above.

24/11/54. 24/11/54

On account of its unsatisfactory financial condition, the Dt Board, S. Kanara was advised to defer its proposal to open a high school at Tricarpur - see p/15 c.f. In view of the position set out at A above the objection to the opening of a High School at Tricarpur may be considered as removed.

As regards the need for a high school in the locality attention is invited to the report of the Special

6

District Board would have to be improved. Even if there ~~xxxxx~~ will be no improvement after some time, the question as to what should be done might be considered after the contribution made by the public has been fully utilized. The enthusiasm of the local public should be encouraged and the generous offer made by the local public in regard to buildings, equipment and donation towards the recurring charges may be accepted. The building after it is constructed should be made over to the Dt. Board through a registered deed. The equipment and other articles of furniture should be handed over to the Dt. Board for the maintenance of the school. The deposit of Rs.10,000/- should be made available immediately with the Dt. Board towards the cost of maintenance of the school. They may be given time to deposit the balance of Rs.5,000/- within a period of 1 year. x The sum of Rs.10,000/- will be sufficient for the maintenance of the school for some years. In this view the Govt. may perhaps permit the Dt. Board to open a high school at Trikarpur. The needs for the establishment of the school should however be decided by the D.P.I. as indicated under item (1) above.

The file may be circulated to M(F.& T.)

Offic at p 6 C.F. Sri. A.R. Rajaratnam Asst Dy Secretary, Revenue who was colld y S. Kanara for about two years has confirmed that there are no high schools in the vicinity of Tricarpur which is situated between two rivers and that there is a real need for the opening of a high school for the benefit of the children in the surrounding area. The need for opening a high school seems established but we must have the concurrence of the D.P.I. the head of the Education deptt.

If the D.P.I is satisfied on the report of the A.E.O. that there is a real need for opening a high school in the locality, Govt may accord their approval to the Bd of Bard, S. Kanara to open a high school at Tricarpur in the current year itself. The local people seem very enthusiastic about it.

A.D.J.

I think we must agree to a school here and at Paivalike. 24.4.54. They seems to be similar cases

Ask for the D.P.I. remarks very urgently xx:
24.4.54.
7th schools shall be 3
places in S.K.

10/5/54

The Dt. Bd., South Kanara, has addressed the Govt. on the question of opening High Schools at three centres in the Dt., Beltangady, Trickarpur and Paivalike. The local Committees have come forward to help the Dt. Bd. for meeting the non-recurring expre. connected with the ~~Dt. Bd.~~ schools. The recurring expre. connected with the schools have to be met by the Dt. Bd. from its funds. The financial position of the Dt. Bd. is not satisfactory and the General account is working at a deficit. The S.O. was informed that the proposals should be deferred. On further representations made to Govt. the D.P.I. was asked to report whether there is a real need for the establishment of High Schools in the localities mentioned by the S.O. His reply is still awaited. The Director was reminded on 4-6-54. The D.P.I may be reminded on 10.6.54

Letter from the D.P.I., RC.No.713 G1/54 dated 12-6-54

The D.P.I. recommends the opening of (high school) with Forms I to IV at Tricarpur (only) under the management Dt.Board South Kanara. As already noted the general funds of the Dt. Board South Kanara are working at a deficit. The Board has proposed the opening of a school at Tricarpur banking on the co-operation of the local committee. The Committee has promised to meet the non-recurring charges connected with the school, such as buildings, ~~charges~~ purchase of furnitures etc. It has also offered a cash payment of Rs. 15,000 towards the recurring charges connected with the maintenance of the school. The D.P.I. has separately been asked to indicate the scale of contributions to be insisted on from local committees in the case of Dt. boards, ~~who~~ the finances (of which) are not satisfactory. The Director has promised to ~~x~~ send his reply by today. The proposals in this file may be further considered on receipt of the Director's report.
